SUMMARY

I am a second-year Computer Engineering student. I am eager to learn, open to continuous self-improvement, and capable of working effectively in a team environment. I have a strong interest in areas such as web development, mobile application development, and cybersecurity. By taking part in various projects, I aim to enhance both my technical knowledge and my collaboration and communication skills. My goal is to actively contribute to technology-driven projects and apply my knowledge and abilities in real-world scenarios.

EDUCATION

- Bachelor's Degree in Computer Engineering Munzur University, Tunceli 2023 – 2027 (Expected)
- 15 Temmuz Şehitler Anadolu High School, Orhangazi / Bursa 2017 – 2021

PROJECTS & EXPERIENCE

- Website Administrator – Gülseda Ayrancı Psychiatry Clinic 2025
- IT Support Assistant – Munzur University IT Department March 2025 – June 2025
- Cybersecurity Training & Penetration Test Report – Siber Vatan Program 2025
Conducted vulnerability scanning, network security testing, and system analysis exercises.
Prepared a detailed penetration testing report based on a real-world scenario.
- TÜBİTAK 2209-A Project – Development of Interactive Educational Materials with H5P 2025 – Ongoing
Working on an accepted project funded by TÜBİTAK using H5P open-source tools to create interactive educational content.
Responsible for both software development and content management to increase student engagement through interactive learning materials.

ADDITIONAL INFORMATION

- **Technical Skills:** Fundamental knowledge in software and programming , Web development , Cybersecurity basics and penetration testing experience
- **Languages:** Turkish (Native), English (Intermediate), Spanish (Basic)
- **Certificate:** Siber Vatan Training Certificate (Includes: Penetration Testing, Web Security, Reverse Engineering, and Malware Analysis)
